Sin : I have thought proper, under all the circumstances of the peculiar state of public affairs in the country at present, to appoint the Hon. A. G. Magrath and Gen D. F. Jamison, both members of the Executive Council, and of the highest position in the State, to present to you considera-tions of the gravest public character, and of the deepest interest to all who deprecate the improper waste of life, to induce the delivery of Fort Sumter to the constituted authorities of the State of South Carolina, with a pledge, on its part, to account for such public property as is under your charge. Your obedient servant,

Under the circumstances now existing, and which need no comment by me, I have To Hon. I. W. Hayne, Special Envoy from ermined to send to you the Hon. I. W. Hayne, the Attorney-General of the State of South Carolina, and have instructed him to demand the delivery of Fort Sumter, in the harber of Charleston, to the constituted authorities of the State of South Carolina

The demand I have made of Major Anderson, and which I now make to you, is suggested because of my carnest desire to avoid the bloodshed which a persistence in your attempt to retain the possession of that fort will cause; and which will be unavailing to secure you that possession, but induce a calamity most deeply to be de plored.

If consequences so unhappy shall ensue, I will secure for this State, in the demand which I now make, the satisfaction of having exhausted every attempt to avoid it.

In relation to the public property of the Unitied States within Fort Sumter, the Hon, I. W. Hayne, who will hand you this communication, is authorized to give you of which it was a part.

That offi-cer, in his reply, has refered the Governor to the Government of the United States at Washington, You will, therefore, demand from the President of the United States the withdrawal of the troops of the United States from that fort, and its delivery to the State of South Carolina.

You are instructed not to allow any uestion of property claimed by the United States to embarass the assertion of the political right of the State of South Carolina to the possession of Fort Sumter. The possession of that fort by the State is alone consistent with the dig sity and safety of JOHN HEMPHILL, BENJ. You are further instructed to say to the President of the United States, that the Governor regards the attempt of the President of the United States, if avowed to continue the possession of Fort Sumter, as inevitably leading to a bloody issue, a question which, in the judgment of the Governor, can have but one conclusion, reconcilable with a due regard to the State of South Carolina, the welfare of the other States which now constitute the United States, and that humanity which teaches Charleston, Jan. 11, 1861. all men, but particularly those who, in authe State of South Carolina from the United States, Fort Sumter was, and still is, in should be considered. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
